Building on combined decades of music experience, Steve, Ron, Dodd and Greg have hearts for the Lord and that gives Praise Incorporated the musical excellence it strives for.

They make regular guest appearances at the Grapevine Opry, where they were featured recently for the entire second half of the show. They also received the 2005 Horizon group of the year.

Praise Incorporated was nominated and voted in the top five in U.S. Gospel News for Quartet of the year and New Excelling Artist of the Year.

Praise Incorporated recently appeared on stage at the Mansion America Theater, the largest theater in Branson, Missouri, for the recording of the TV show "Jammin for Jesus" airing on Gospel Music Television.

Praise Incorporated wants their audiences to have a great time. They feel it's important. They also want first and foremost to present the gospel through what they call "Motivatin Music." Each member of Praise Incorporated brings to the team his own unique background and abilities.

"We hope our music has an effect on the lives of people wherever we go. That's our calling. That's our commitment. This philosophy has fueled this ministry from the beginning. We strive to keep the subject of the song, Jesus Christ, in the center stage. Singers will come and go, but God will never change or leave."

Praise Incorporated – incorporating the praise of Jesus Christ in all we do.
