

Even as a child God had a calling on my life. My parents made sure that my sisters and I always knew that God lived supreme and through HIM all things are possible. Growing up in small town Oklahoma made a lot of my life simple but as I grew, it seemed as though I became much smarter than those who had already experienced life. I left the comfort of home and the comfort of Gods presence for several years, though I had accepted Christ at the age of 8 I no longer listen to his call on my life.

I look back now and see that my real experience came many years later, when I understood what accepting Jesus was all about. I learned about the Grace of God and how it is never too late to turn back to Him and I learned Gods grace is sufficient.

It took 9000 miles and an angel sent to me in the form of a Staff Sergeant in San Vito, Italy and my wife that God used to drag me out of my seat. That move caused me to run to the loving arms of Jesus and to rededicate my life in 1977.

A small church group using the chapel became my new family and I began to devour the meat of Gods word.

That began a new journey. This rededication set in motion Gods true call to the ministry for me and has allowed Him to work in my life and in this ministry. In the last five years we have witnessed a lot of souls returning to Christ and coming to Him for the first time.

I am dedicated to keeping Jesus at the forefront of all I do and allowing God to use me to help others come to Christ and Grow in Him.
